

TODAY:

**WE SEE THE POWER
OF INNOVATION**

Leah Himmer, Operating Room Technologist
John Pierog, Registered Nurse, Operating Room

Lawrence General Hospital offers a range of leading edge technologies that typically, you'd only expect from a major academic medical center. Having access to the latest advancements allows our doctors to make better diagnoses and smarter treatment decisions for patients—today and every day.

Today, amazing innovations are happening at Lawrence General Hospital. **To learn more, visit lawrencegeneral.org/today**

3D Tomosynthesis Mammography • SPECT-CT Cameras • Endoscopic Ultrasound • Radial First Cardiac Stenting
